# JOURNAL OF NURSING SCIENCE & CLINICAL PRACTICE

Advancing Nursing Knowledge | Enhancing Clinical Practice |  
Improving Patient Outcomes

## ABOUT THE JOURNAL

The Journal of Nursing Science & Clinical Practice is a peer-reviewed, open access journal dedicated to publishing high-quality research, evidence-based practice, and innovative approaches in nursing science and clinical practice. The journal aims to bridge the gap between research and practice to improve patient care and health outcomes.

## AIMS & SCOPE

The journal publishes original research, reviews, case reports, and clinical studies on all aspects of nursing and clinical practice, including but not limited to:

- Adult Health Nursing
- Pediatric & Neonatal Nursing
- Mental Health & Psychiatric Nursing
- Community & Public Health Nursing
- Critical Care & Emergency Nursing
- Nursing Education & Management
- Evidence-Based Nursing Practice
- Patient Safety & Quality Improvement
- Nursing Ethics & Professional Issues
- Clinical Guidelines & Best Practices

PEER REVIEWED

OPEN ACCESS  
JOURNAL
